---

WORK EXPERIENCE

Web Developer   *June 2024 – June 2025*
Harwest International Business College

- Designed and built responsive front-end interfaces using HTML, CSS, JavaScript, and Bootstrap, ensuring consistent user experience across all devices and browsers.
- Managed and customized several WordPress websites for academic and institutional purposes, aligning design with organizational goals.
- Applied UI/UX design principles to optimize website layout, accessibility, and overall usability.
- Performed routine website updates, including content edits, plugin integrations, and layout enhancements to maintain performance and security.
- Ensured full mobile responsiveness and cross-browser compatibility to support user access and improve site retention.

Social Media Coordinator (Remote)   *Aug 2024 – July 2025*
The Kulfi & Co.

- Created and curated engaging content, including posts, images, and advertisements, to enhance brand visibility and drive audience engagement.
- Managed daily social media operations, ensuring timely content scheduling, and posting across various platforms.
- Analyzed social media performance metrics using analytics tools, providing actionable insights to optimize strategies and improve campaign effectiveness.

Jan 2024 – April 2024
IT Support Executive
Global Economical Micro Enterprise Development (Pvt) Ltd

- Designed digital advertisements, managed social media content, and supported the organization's online presence.
- Provided IT support by resolving software, hardware, and network issues across departments.
- Assisted with infrastructure tasks including software installation, troubleshooting, and system monitoring.
- Maintained documentation for internal tools, systems, and standard IT procedures.

Intern Web Developer
MR. Z Deals (Pvt) Ltd

- Assisted in the development of user-friendly, responsive websites using WordPress.
- Supported the implementation and maintenance of Point of Sale (POS) systems used by clients for daily operations.
- Trained in front-end development using HTML, CSS, and JavaScript, contributing to real-world project components.
- Participated in regular team meetings and project discussions to understand workflow, best practices, and client requirements.
